## Fatal Affray Near Sardis.

The Sardis neighborhood was the scene of a fatal affray late yesterday afternoon, the particulars of which, as learned by telephone this morning, are as follows:

Sam Jefferson and Alfred Jefferson are brothers, the latter being about nineteen years and the former a few years older.

The two and their mother were at neighbor Gifford's house. Frank Jefferson, another neighbor, went to Gifford's and began abusing the mother of the two brothers. He was very violent and threatened to kill Mrs. Jefferson, drawing a pistol from his pocket as though intending to carry his threats into effect.

This movement was followed by several shots, from either one or both of the two brothers. When the smoke had cleared away, Frank Jefferson was found on the floor dead. Three shots had taken effect in his head and two in his body, causing almost instant death.

An inquest was held later in the evening, and the two brothers surrendered to the officers. They will be brought to this city some time to-day, when fuller particulars of the tragedy may be obtained.

The Jeffersons were married, and had a family of some four or five children. Some trouble of a domestic nature is attributed as the cause of the unfortunate affray. The real facts will likely be developed at the examining trial.

## LATEST NEWS BY CABLE.

**LORD CHURCHILL NO LONGER IN THE TORY CABINET.**

**Preparations for War Which He Regarded Unnecessary.**—The Conservative Government, which the Times has just far off-voted, think the time has come when the Tory cabinet should be reconstituted. The resignation of Lord Randolph Churchill from the cabinet has caused a sensation. The desire to increase the expenses of the admiralty and the war office, to which Lord Churchill was opposed, indicates, it is believed, that the government are of opinion that a European war is imminent, and that extra naval and military preparations on the part of England are required to make her influence felt on the continent.

The Times approves Lord Salisbury's decision to support the defense of the country. "Lord Salisbury," it says, "will do well to renew overtures to Lord Hartington for a coalition government. A reconstructed Conservative government without new blood cannot last long, and will lead to the return of Mr. Gladstone to office."

An interchange of views between Mr. Gladstone and his colleagues of the late Liberal cabinet on the attitude to be adopted by the Liberal party at the opening of parliament, has resulted in an agreement to support the government in all legal efforts to suppress the anti-rent campaign, but to urge the immediate enforcement of some form of Mr. Parnell's bill for the suspension of evictions.

The Gladstone circle is irritated over the action of Messrs. Dillon and O'Brien, who anti-rent leaders have been warned that there is no chance that the co-operation of Mr. Gladstone will continue unless they submit to Mr. Parnell, who desires of a common policy with Mr. Gladstone, is suspected of aiming to suppress the "Plan of Campaign." The Full Mail Gazette deems that both Mr. Gladstone and Mr. Parnell are no longer in accord with their followers, who, it says, unless they discover and amend their error, will find themselves, when parliament meets, without even the rump of a party. Notwithstanding Mr. Parnell's displeasure, Messrs. Dillon, O'Brien and Healy continue their anti-rent tactics.

The leading railway line is being cleared by troops. The incessant downing of snow makes the work very difficult. Dresden has received no mail from Leipzig or Chemnitz for two days, the roads being blocked. A postal service by means of sledges has been arranged between Dresden and Leipzig. A dispatch from Cassel says the storm is still raging over central Germany and that no communication has been had with Berlin since Monday.

### Affairs in Ireland.

**DUBLIN, Dec. 24.**—United Ireland says the only effect of the government proclaiming the "plan of campaign" is to increase the attraction of the scheme by the spirit of controversy. United Ireland also says that every official at Dublin castle who copies or inspects any document is obliged to make a return of the name of every person who has had access to said document.
